- **Backend:** Node.js, Express.js, MongoDB, SQL, MySQL, Socket.io

WORK EXPERIENCE

ReactJs Developer

- Developed multiple responsive web applications using **ReactJS**, focusing on clean design and performance optimization.
- Gained hands-on experience integrating **third-party APIs** (e.g., OpenWeather API) to fetch and display real-time data.
- Designed and implemented **component-based architecture**, improving code reusability and maintainability..

PROJECTS

Weather App | [LINK](#)

January 23- February 2025

- Developed a responsive Weather App using **ReactJS** and **OpenWeather API** to display real-time weather data.
- Implemented **API integration** to fetch current weather, temperature, humidity, and forecast based on user input.
- Utilized **React Hooks (useState, useEffect)** for efficient state and side-effect management
- Designed a **clean UI** with responsive layout using **CSS Flexbox/Grid** and modern UI practices.

Shoe Page | [LINK](#)

April 2025

- Built a **static shoe brand front page** using **ReactJS** with a modern, clean UI design.
- Structured the project using **reusable functional components** for sections like Hero Banner, Featured Products, and Footer..
- Implemented **responsive design** with **CSS Flexbox/Grid** to ensure compatibility across different devices.
- Focused on **UI/UX design principles** for smooth navigation and appealing layout.

CERTIFICATES

Programming in Python (GUVI) :

March 2022

- Mastered fundamental Python syntax, proficiently utilizing control flow, loops, functions, and data structures.
- Acquired expertise in procedural programming paradigms and associated logical concepts, enhancing capabilities.

DSA With Java:

November 2024

- Completed **Data Structures and Algorithms (DSA)** certification with **Java** from **Apna College**, covering key computer science fundamentals.
- Mastered core concepts like **Arrays, Strings, Linked Lists, Stacks, Queues, Trees, Graphs**, and **HashMaps**.
- Gained proficiency in **time and space complexity analysis** and writing **optimized Java code**.

Full Stack Development

March 2025

- Completed **Full Stack Web Development** certification from **Apna College**, covering both **Frontend** and **Backend** technologies.
- Built full-fledged web applications using **HTML5, CSS3, JavaScript, ReactJS, Node.js, Express.js**, and **MongoDB**
